

Carl Hirschmann, Inc. located in Schaumburg, IL is pleased to announce that Tom McKinney – Regional Manager has joined the Carl Hirschmann team. Tom resides in the Houston, TX area and will be the point of contact for sales and technical expertise in the Southwestern States, Western States, and Mexico. With the company’s guiding principle of being “the precision benchmark”, Tom’s 22+ years of success will be applied to promote and support the workholding/tooling products, rotary tables, and metalworking fluids. Tom’s key strengths are introducing pioneering technology to existing industries, securing customer loyalty and forging strong relationships with business partners.

Carl Hirschmann, Inc. is the US subsidiary of Carl Hirschmann GmbH. The primary industries served include Aerospace, Medical, Energy, and Manufacturing. Machining technologies include Wire EDM, Sinker EDM, Milling and Additive Manufacturing.
